EDUCATION

Carnegie Mellon University **09/2026–now**
Ph.D. in Robotics, Advisor: Kris Kitani

Zhejiang University **09/2023–03/2026**
M.Eng in Computer Science, Advisor: Zhaopeng Cui

Zhejiang University **09/2019–06/2023**
B.Eng in Computer Science

RESEARCH EXPERIENCE

Student Researcher @ Seed3D, ByteDance **04/2026 – 08/2026**

- Focus: Scaled-up training and inference for single-view and multi-view 3D geometry generation. Worked on Seed3D foundation model training and inference pipelines for detailed and robust multi-view generation from generated or real-world images.

Visiting Student @ Cornell **07/2025 – 12/2025**

- Focus: Long-tail in-the-wild 3D reconstruction. Proposed MegaDepth-X, a large-scale, clean, and depth-refined dataset featuring reliable 3D reconstructions and a sparse-aware sampling algorithm.

Student Researcher @ Google AR **07/2024 – 12/2024**

- Focus: Video Diffusion and Human head animations. Proposed IMPortrait, a novel 3D-aware diffusion-based method for generating photorealistic talking head videos directly from a single identity image and explicit control signals (e.g.,expressions).

Visiting Student @ University of Illinois Urbana-Champaign **06/2022 – 11/2022**

- Focus: Applying data synthesis to 3D reconstructions at the scene scale. Proposed ClimateNeRF, a novel solution that can render realistic weather effects within neural radiance fields.

TEACHING EXPERIENCES

Teaching Assistant **Fall, 2023**
Object-Oriented Programming *Zhejiang University*

Teaching Assistant **Fall, 2022**
Fundamentals of C Programming *Zhejiang University*

AWARDS

2025 Oct. **National Scholarship,** Zhejiang University
2023 Mar. **Outstanding Graduates of Zhejiang University,** Zhejiang University
2021 Sep. **Zhejiang University First Class Scholarship,** Zhejiang University
2020 Sep. **Zhejiang Provincial Government Scholarship,** Zhejiang University
2020 Nov. **1st award in National College Student Mathematics Preliminary Contest,** National College Student Mathematics Association
